To Whom It May Concern

Re: Dr Wael Hassanein

This is to confirm that the above-named cardiac surgeon from the Heart Institute Lahr/Baden, Germany, visited the Cardiothoracic Unit at Great Ormond Street Hospital for Children, London, as a Clinical Observer from Monday 7 July to Friday 1 August 2003.

During this period Dr Hassanein observed a wide variety of procedures in paediatric cardiac surgery and spent time on the cardiac intensive care unit. In addition he participated in the Unit's teaching activities, including attendance at ward rounds, case presentation conferences and clinical lectures.

We hope Dr Hassanein has benefited from his visit to our Unit.

Marc R de Leval MD FRCS
Professor of Cardiothoracic Surgery

Cardio-Respiratory & Critical Care Division
